Letter: Pauline Marois's continuing support for Louise Mailloux speaks volumes

THE GAZETTE MARCH 17, 2014

Re: "Jewish advocacy group rejects apology" (Gazette, March 17)

That Pauline Marois continues to support candidate Louise Mailloux speaks volumes about the type of society the PQ truly envisions.

Should the party be successful in its goal of driving all the Jews, Muslims and allophones from the province, as its recent behaviour seems designed to do, PQ enthusiasts may well wonder who the next target will be once the utopian dream of an all French secular society turns into a social and economic nightmare.
